NIH Extramural News:

From Lab Bench to Bedside: Accelerating the Commercialization of Biomedical Innovations

We are delighted to [announce](#) a new collaboration between the National Institutes of Health (NIH) and the National Science Foundation (NSF) to empower entrepreneurial scientists and advance the [Lab-to-Market](#) priorities set forth in the [President's Management Agenda](#). The Federal government invests over \$130 billion on research and development (R&D) each year, and the [President's 2015 budget](#) supports a sustained commitment to accelerate the transfer of promising Federally-funded technologies from the laboratory to the commercial marketplace.
